Reportable Income for the Period from 1st January 2018 to 31st December 2018**

Dear Investor,

The above mentioned share class of Master Capital Fund Limited has been granted Reporting Fund Status by the United Kingdom HM Revenue & Customs ("HMRC"). As such, HMRC Regulations require the fund to make reports of income to the investors for each reporting period. There may be a requirement for you to pay tax as though you had actually received a distribution from the fund. The Reporting Fund's report to relevant participants for the period above is set out below.

UK taxpayers may need to declare this information on their annual tax return for the year to 5th April 2020. This notice does not represent tax advice. If you are in any doubt as to your tax position, you should consult your own professional advisers. In particular, if you are resident in, or a citizen of, a country other than the United Kingdom, you may be subject to the tax laws and requirements of those jurisdictions and you should seek your own professional advice in respect of your taxation position in those jurisdictions.

For UK tax purposes, you are treated as receiving income on the "Fund distribution date" below. You should therefore include this income in your tax return for the tax year which includes that date. The amount of income treated as received by you will be the "Excess" reported below, multiplied by the number of shares you held at 31st December 2018.

GBP Class	Amount actually distributed to participants per unit of the fund	Date on which distributions were made	Excess of reported income per share over amount actually distributed	Fund distribution date
£	Nil	n/a	Nil	30th June 2019

As at the date of this report, the reporting share class mentioned above of Master Capital Fund Limited remains a Reporting Fund for UK tax purposes.

Yours sincerely,

For and on Behalf of
